UNITED WAY YOUNG LEADERS ASSOCIATION

United Way's Young Leaders Association works to engage, inspire, and empower young professionals to make a positive impact in our community through networking, volunteering, and philanthropy. Young Leaders will connect with United Way and our partners to learn about the issues facing our community, and will become a part of what we're doing to make a difference. Join us to develop your leadership skills, build relationships with like minded people, and make a lasting impact on your community.

CONNECT. SERVE. GIVE.

Young Leaders will:

- regularly engage in meaningful volunteer opportunities within our community
- connect with other young people and develop personal leadership skills through mentoring and networking
- fight for the education, financial stability, and health of every person in our community.
